CHAPTER 7 - RECORD DRAWINGS - "AS BUILTS"

7.1 CRITERIA

Record drawings shall be submitted to the Engineering Division for all improvements constructed under the terms of the final plat subdivision improvements agreement, or under the conditions specified by the Town Board in approving any other land use changes, or under the terms of a service plan and approved construction plan for an improvement district.

7.1.1 The record drawing submittal shall accompany the request for final acceptance of the constructed public improvements.

7.1.2 Record drawings shall be provided as one (1) Professional Engineer's signed and stamped blue-line set and one (1) set of unsigned, good quality mylar sepia plans suitable for reproduction in a format acceptable to the Engineering Division.

7.1.3 Certification of the record drawings is required as follows:

7.1.3.1 Registered Professional Engineer: The responsible Professional Engineer for the project shall state: "I hereby affirm that the public improvements for (Name of Subdivision or project) have been constructed in substantial compliance with the construction plans approved by the Town of Bennett".

7.1.4 The staff of the Engineering Division will compare the certified record drawing information with the approved construction drawings. A Certificate of Probationary Acceptance for the public improvements will be issued only if:

7.1.4.1 The record drawing information demonstrates that the construction is in compliance with the design intent.

7.1.4.2 The record drawings are certified by the responsible Professional Engineer, and as required by the Town's Storm Drainage Design and Technical Criteria Manual by a Registered Land Surveyor (for stormwater detention facilities).

7.1.5 Summary of certifications and Town Actions required for engineering reports and plans:

7.1.5.1 Drainage reports (Refer to the Town of Bennett's Drainage Design and Technical Criteria).

	CERTIFICATION REQUIRED	TOWN ACTION REQUIRED
Phase I Drainage Report (Sketch Plan)	None	Review & Comment
Phase II Drainage Report (Preliminary)	Engineer	Review & Comment
Phase III Drainage Report (Final)	Engineer/ Developer	Acceptance (Subsequent approval with Construction Plans)

	CERTIFICATION REQUIRED	TOWN ACTION REQUIRED
7.1.5.2 Construction Drawings (Drainage and Roadway)	Engineer	Acceptance
7.1.5.3 Subgrade Investigation and Pavement Design Report	Engineer	Acceptance
7.1.5.4 Record Drawings	Engineer/ Land Surveyor	Final Acceptance Certificate
